Securitron® DK-26 Digital Keypad System

Digital control system for narrow stile outdoor applications

The DK-26 digital keypad system provides medium/ high security control of electric locks in one or two door applications where doors have the same control needs.

The fully weatherproof, rugged stainless steel keypad can be mounted in most outdoor environments. Encased in a separate enclosure for secure installation, the full-featured, easy-to-program, DK-26 Controller is ideal for narrow stile applications.
